A child was born, A hope for the sinners and saints
And the world as we know it would - Nev-er-be-the-same

Wise men came, Amazed where the star came to stay
At not a Palace or castle or place - a King would lay

Wise Men Still Pray, and worship the Child to this day
Why did God send him this way - Oh, Was it Love

**Was it Love that made a God look down
Was it Love to send his only Son
Was it Love, to save a world so wrong
Oh, It was Love**

Falling down, Surrounded by evil and hate
He carried his Cross to a place -Evil-feared-to-go

As Angels Wait, What Kept him From Calling Them Down
With Centurions driving him on - To a lowly fate

For our sake, Suspended, abandoned and Shamed
Why did he carry that weight - Oh, Was it Love

**Was it Love that made this God Come Down
Was it love that made him oh so strong
Was it love , He Gave us on a Cross
Oh- It was love
Oh - It was love**
