**Lying under God's protection
In his shelter, I will wait**

**I will serve you Lord each day, and honor you in every way
I will serve you Lord each day, and honor you in every way**

**I lift my voice up to the heavens
I raise my hands up too the sky**

**Singing is the way we worship, we honor you with praise and worship
Singing is the way we worship, we honor you with praise and worship**

**Jesus came and set me free
Jesus gave his life for me**

**I will praise you lord each day - and honor you in every way
I will praise you lord each day - and honor you in every way**

**When I find myself in trouble
I raise my hands and lift my head**

**In his shelter I will wait, cause God is faithful, God is great
In his shelter I will wait - cause God is faithful, God is great
In his shelter I have faith - cause God is faithful, God is great**
